Miyajima Island

Perhaps, many travelers have not heard of Miyajima Island, but this small island of Miyajima is a UNESCO World Heritage Site. Its star attraction is the oft-photographed shrine gate (the Great TORII) of Itsukushima-jinja, which seems to float on the waves at high tide – a scene that has traditionally been ranked as one of the 3 best views in Japan. It is also at its evocative best at sunset, or when lit up after dark.
